RACHADA CHAIRANGSARIS (BAY)
FRONT-END WEB DEVELOPER

I am a frontend web developer who's enthusiastic about coding and helping others and am looking for a great opportunity to put my talents to use. I am a team player with good communication skills who is flexible and ready to work with a passionate team of designers and developers. In my current position at Baltimore Corps, I design and develop a web application using **HTML, CSS, Modern Javascript, React, Redux, Material UI** and **Responsive Design**. Additionally, I went on to learn **Node** and **Express** in order to improve my skills on the backend side and to understand the whole process of web applications.
